

# YOU ARE NOT ALONE

# HOPE

*Domestic violence is not a private family matter. It's against the law. If you are a victim, **YOU ARE NOT ALONE** – but if we don't know about it, we can't help you.*

## What is domestic violence?

Domestic violence is any assault, battery, sexual assault, sexual battery, stalking, aggravated stalking, kidnapping, false imprisonment or criminal offense resulting in physical injury or death perpetrated by one intimate partner against another.

You may be in an abusive relationship if your partner:

- prevents you from seeing friends or family.
- threatens to hurt or kill you, your children, your family, friends or pets.
- yells at you, reprimands you or demeans you.
- inflicts physical injury on you in any way.
- prevents you from getting or keeping a job.
- keeps you from leaving or entering the house.
- does not allow you to know about family finances.
