

School Safety

BSO has introduced proactive initiatives to bolster training, forge partnerships with local, state and federal law enforcement agencies and improve intelligence gathering to ensure our schools are safe.

Accountability and Transparency

The implementation of numerous reform and outreach initiatives has led to BSO being one of the most transparent and accountable public safety organizations in the country.

Cold Case Unit

BSO is achieving success in solving decades-old cases, bringing closure to families and justice to our community.

Scan to watch our cold case YouTube series.

Real Time Crime Center Success

With access to more than 25,000 cameras in all public schools, participating houses of worship and other facilities, BSO's Real Time Crime Center has provided live intelligence during more than 5,600 investigations.

Community Policing

We have strengthened the bond between BSO and the community through innovative initiatives such as our Park, Walk and Talk program; Neighborhood Support Team; Social Justice Task Force; and LGBTQ+ Liaison Committee.

Groundbreaking Mental Health Programs

BSO has prioritized the creation of vital mental health programs to support individuals experiencing mental health crises, connecting them to critical community resources as an alternative to incarceration.

Enhanced Training and Education

From active killer training to de-escalation techniques and advanced education opportunities, we're ensuring BSO's sworn and civilian staff are the best trained and educated in the state.

Hiring and Promotions

BSO's commitment to hiring and promoting the most qualified individuals from diverse backgrounds enriches our organization with varied perspectives. BSO is proud to have the most diverse and experienced team in our organization's history.

Youth Programs

Through engaging programs such as our Law Enforcement Explorers program, Fire Rescue Cadet program and L.E.A.D. Camp (Learning, Educating, and Developing), BSO is providing valuable youth mentorship and development opportunities.

Whole Blood

Since BSO's Whole Blood Program launched in 2020, we have administered whole blood to more than 180 patients with an impressive survival rate of 76%. The program is the first of its kind in the state of Florida.

The Broward Sheriff's Office has undergone a remarkable transformation under the leadership of Sheriff Dr. Gregory Tony.

Our new Research, Development and Training Center exemplifies this progress, centralizing all of BSO's training operations and significantly enhancing our first responders' readiness and response capabilities.
